

Emergency Guidelines for COVID-19 Cases

Notification Guidelines for COVID-19 Exposure

- Confidentiality is of the utmost importance and Crush Academy (Crush) will balance the confidentiality of anyone who tests positive for COVID-19 with the health/safety of those who may have had close contact with the positive case.
- Crush staff will notify the rest of the program staff and families once a test is confirmed positive with absolutely NO reference to the member's name.
- The following statement will go out to those who may have had contact with an individual who has tested positive for COVID-19.
- "This is to notify you that a member of _____ team has tested positive for COVID-19. It is recommended that you carefully monitor the status of anyone who has had close contact with individual(s) from this team and to notify your doctor immediately. Call 911 in case of emergency."
- If one of a group or team members has confirmed exposure or tests positive for COVID-19, the rest of the group/team will be sent home and will need a doctor's note to return to play.

Guidelines When Symptomatic

- All staff, coaches, players, and family members should NOT attend Crush activities if they are sick or have been exposed to someone who may have COVID-19.
- If we are notified/observe that a participant is exhibiting COVID-19 symptoms, may have had close contact with a COVID-19-related case, or has a temperature greater than 100°F they will be isolated from other participants and sent home.

Transportation Guidelines (Regarding COVID-19 Symptoms)

- Crush staff will immediately contact the parent or guardian to pick the player up. This is to avoid additional exposure.
- In case of emergency, we will call 911 and notify responders that the participant potentially could have COVID-19 and list their symptoms.
- Under no circumstances will Crush staff transport players.

Cleaning & Disinfecting Guidelines

- All high-touch areas of the event site used by individuals who have tested positive for COVID-19 will be cleaned and disinfected by Crush staff.
- Staff will make sure they are safely & properly storing and using cleaning/disinfectant products between groups.

CDC Guidelines for Home Isolation

- Stay home. Do not attend any trainings or Crush activities.
- Keep hydrated, get proper sleep, and follow your doctor's recommendations.
- Stay in touch with your doctor & call 911 for emergencies.

Criteria to Discontinue Home Isolation:

<https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/steps-when-sick.html#discontinue-isolation> Note: We will need a release form from your doctor to confirm you are well and able to return to play if you have been diagnosed with COVID-19.
